

Are you getting ready to replace your door locks? Painting? Moving?

Save time and trips to the hardware store! This checklist will help you get ready and organized to replace your door locks.

Door Hardware Shopping List for Replacing Existing Hardware

Note: Some door hardware is intended for right-handed doors and some for left-handed doors. Know what handing your door is? To determine the handing of your door, when standing on the outside of the door, if the hinges are on the right side, it is a right-handed door. If the hinges are on the left side, it is a left-handed door.

EXTERIOR DOORS

How many exterior doors do you have?

What type of hardware do you want on your exterior doors?

Handleset with deadbolt combination	Left hand	Right Hand
Keyed entry lever	Left Hand	Right Hand
Passage lever	Left Hand	Right Hand
Passage Knob	Left Hand	Right Hand
Deadbolt - Single Cylinder		
Deadbolt - Double cylinder	(keyed on both sides, sometimes used if the deadbolt will be next to glass)	

Note: You will likely want all your exterior door locks keyed alike. Be sure to ask for this when you purchase your hardware. If you are not replacing all your exterior door, you may still want the new door locks keyed to your existing door locks. Be sure to bring your key and ask for this when ordering.

INTERIOR DOORS
